LEUNG MOON LAM, Chairman of China South City Holdings Limited . Founded in Hong Kong in May 2002, China South City Holdings Limited (“China South City”, the “Company”, or the “Group” whilst alongside with its subsidiaries) are listed on the Hong Kong Stock Exchange (stock code: 1668HK) since September 2009. Being a pioneer in planning, developing, and operating “integrated logistics and trade centers” in the country, China South City has become a brand-name for display and distribution for all the industries and manufactures on one single platform in China. Given our strong growth momentum, currently we have 7 projects under planning or development, including China South City Shenzhen (“CSC Shenzhen”), China South City Nanning (“CSC Nanning”), China South City Nanchang (“CSC Nanchang”), China South City Xi’an (“CSC Xian”), China South City Harbin (“CSC Harbin”), China South City Zhengzhou (“CSC Zhengzhou”) and Heyuan Project. Featuring huge in scale, grading-A construction and extensive industry coverage, our recent projects ranges from 4,000,000 square meters (“sq. m.”) to 17,500,000 sq. m. in terms of gross floor area (“GFA”). Oriented towards consolidated whole sale trade center, our business model is propped up by six service pillars, namely, warehousing and delivery, mall and hospitality management, e-Commerce, conference and exhibition, residential facilities and property management.

The Company aim to serve the benefits of the regions than ours, in which our values of integrity, harmony, mutual benefit and sharing embody. We intend to create value to our clients, to nurture the local whole sale segment, and to be committed to regional economic growth. We expect each of our projects would be a main local tax contributor, and would in turn boost tens of thousands of new business and hundreds of thousands of employment in the region where they are located. Our projects would also drive the economic growth in the adjacent areas via integrating and consolidating the sporadic old-fashioned wholesale markets, with a view to lowering the overall trading cost of market participants, enhancing city’s image, the local trading standard and competitiveness.
